CONDITIONS OF REPORTING

- The reported results are for information and interpretation of the referring doctor only.
- It is presumed that the tests performed on the specimen belong to the patient; named or identified.
- Results of tests may vary from laboratory to laboratory and also in some parameters from time to time for the same patient, as the reported results are dependent on individual assay method(s) used/ equipments used and quality of specimen received.
- Should the results indicate an unexpected abnormality, the same should be reconfirmed.
- Only such medical professionals who understand reporting units, reference ranges and limitations of technologies should interpret results.
- This report is not valid for medico-legal purpose.
- Neither Zylk Health, nor its employees/representatives assume:
  - (a) any liability including any bodily injury, responsibility for any loss or damage that may be incurred by any person as a result of presuming the meaning or contents of the report,
  - (b) any claims of any nature whatsoever arising from or relating to the performance of the requested tests as well as any claim for indirect, incidental or consequential damages. The total liability, in any case, of Zylk Health shall not exceed the total amount of invoice for the services provided and paid for.
